Thank you for supporting Global DreamWeb!

We would like to thank all our supporters! Special thanks to all who contributed to our projects: volunteers, funders and teachers! And off course thank to all the participants in our programs in the Netherlands and Lebanon. Their honesty, personal growth, talents, mutual respect, cooperation and social commitment are a great inspiration to continue the Global DreamWeb journey...

Hummingbirds & Flow in Lebanon

Some of the highlights of this year included the Hummingbirds program in which we trained Syrian & Lebanese girls on inner leadership. They improved their communication and self expression skills as a consequence. Also we proudly hosted a field trip for the participants of the FLOW annual conference. The Hummingbirds students were co-leading this day in which we shared a taster of our work in Lebanon.

Peace Programs in the Netherlands

In the Netherlands we organised a variety of programs which included a program around Refugee Day where children that recently came to the Netherlands (from the ISK school in Purmerend) were connected with children from the Bernard Nieuwentijt College in Monnickendam. Pupils at Pascal College in Zaandam got to know their classmates better in a creative way. And the third annual Peace Challenge was held at VOX-Klassen in Amsterdam and in Monnickendam.
